Product Highlights

Recurring Billing v2 launched in February with support for usage-based pricing models. Early adoption has been strong with 2,100 merchants activating the feature in the first 6 weeks. Customer satisfaction scores for the billing product increased from 4.1 to 4.6 out of 5.0.

The NovaPay Mobile SDK was released for iOS and Android in March. Integration time averages 2 hours compared to 8 hours for the web SDK, based on merchant feedback.

Regional Expansion

NovaPay expanded to 5 new countries in Q1: Singapore, Malaysia, Thailand, Philippines, and Indonesia. Asia-Pacific now represents 12% of total transaction volume, up from 3% at the start of 2025.

Outlook

Q2 priorities include launching the NovaPay Business Card, expanding the partner program to 100 certified integrators, and beginning the Latin America rollout with Brazil and Mexico as initial markets.
